

Las Vegas Video Blackjack of 2018

Video blackjack used to be a great option for players looking for a game with low limits. There were even some advantage play opportunities when combining a players card promotion with 3-2 video blackjack. Those days are over.

Most video blackjack machines in Las Vegas pay 6-5 on a natural. Some only pay even money. This includes Playboy blackjack machines at Mirage and Cosmopolitan, as well as Game Kings.

Where to Play 3-2 Video Blackjack in Las Vegas

There are only four Las Vegas casinos that pay 3-2 on a video blackjack natural. One is a Dealers Angel machine at Venetian. The games are being phased out at Venetian and Palazzo. The video blackjack games are becoming 6-5 Interblock machines at both casinos. I predict that Venetian will remove the last Dealers Angel machine this year as it is not programmable to pay 6-5.

The D offers a 3-2 video blackjack machine. This game has a \$5 minimum bet. The same game is at El Cortez with a \$1 minimum bet. The only other 3-2 video blackjack game in Las Vegas is stadium-style. It is located at Treasure Island.

Even Money Video Blackjack Games

There are hundreds of video blackjack games in Las Vegas that only pay even money. Most are Game Kings, which typically spread video poker and slots in addition to the terrible blackjack game. The others are Playboy video blackjack machines. These are found at MGM Grand, Cosmopolitan, and Mirage.
